¹Expiry are exchange times (Daylight Savings Time)

²For further information go to the exchange website. When SaxoBank close positions we will do it on the client's behalf at the first available opportunity after expiry time at the prevailing market rate.

³The Floating Price will be equal to the arithmetic average of all firm, day-ahead Mid-Columbia prices published by Dow Jones and Company for all peak hours in the contract month.

⁴LTD is the last trading day.

⁵Contract trades round lots of 5 contracts at the time; 5, 10, 15 etc.

⁶Calendar spreads are supported online for Beta clients. Orders can be placed by client or CTS via FOC.

⁷The contract size is variable depending on how many days there is on the quarter. Either 90 day, 91 days or 92 days.

⁸Eurex has a randomized auction that lasts up to 5 min after the close. Orders placed in that period will participate in the auction. Orders placed after the auction uncross will be sent to the exchange the next morning.

Disclaimer - General

None of the information contained herein constitutes an offer (or solicitation of an offer) to buy or sell any currency, product or financial instrument, to make any investment, or to participate in any particular trading strategy. This material is produced for marketing and/or informational purposes only and Saxo Bank A/S and its owners, subsidiaries and affiliates whether acting directly or through branch offices ("Saxo Bank") make no representation or warranty, and assume no liability, for the accuracy or completeness of the information provided herein. In providing this material Saxo Bank has not taken into account any particular recipient's investment objectives, special investment goals, financial situation, and specific needs and demands and nothing herein is intended as a recommendation for any recipient to invest or divest in a particular manner and Saxo Bank assumes no liability for any recipient sustaining a loss from trading in accordance with a perceived recommendation. All investments entail a risk and may result in both profits and losses. In particular investments in leveraged products, such as but not limited to foreign exchange, derivatives and commodities can be very speculative and profits and losses may fluctuate both violently and rapidly. Speculative trading is not suitable for all investors and all recipients should carefully consider their financial situation and consult financial advisor(s) in order to understand the risks involved and ensure the suitability of their situation prior to making any investment, divestment or entering into any transaction. Any mentioning herein, if any, of any risk may not be, and should not be considered to be, neither a comprehensive disclosure or risks nor a comprehensive description such risks. Any expression of opinion may be personal to the author and may not reflect the opinion of Saxo Bank and all expressions of opinion are subject to change without notice (neither prior nor subsequent).
