

By accessing the SaxoTrader and/or SaxoTrader Go platforms (the “Platform”), you confirm acknowledgement and agreement that not all the Exchange Traded Funds (“ETFs”) or Bonds available for trading via the Platform are:

- (a) accompanied by prospectuses or other information duly registered, notified or otherwise lodged with the Monetary Authority of Singapore (MAS”) for offer/sale to the (general) public in Singapore; or
- (b) listed for trading by the (general) public on a securities exchanged recognized or approved by the MAS – individually a “recognized or approved by the MAS – individually a “recognized securities exchange” and collectively “recognized securities exchanges”.

To the extent that ETFs/Bonds available for trading are either:

- (i) NOT accompanied by prospectuses or other information duly registered with the MAS for offer/sale to the public in Singapore; or
- (ii) NOT listed on recognized securities exchanges whether inside or outside of Singapore and available for trading in generally by the public,

access to information displayed on the Platform and/or website of Saxo Capital Markets Pte Ltd (“SCM”) on such ETFs/Bonds and trading in same – collectively “Restricted Securities” – are intended to be strictly restricted AND **may be accessed by and is intended to be restricted to only such persons as are specifically eligible to deal in such Restricted Securities. Such persons would generally exclude members of the retail public and comprise only such persons who qualify to be Accredited Investors or Institutional Investors as the expressions are defined in the Securities and Futures Act of Singapore (the “SFA”).**

PARTICULARLY BEFORE BUYING ANY BOND OR UNITS OF ANY ETF, IT IS THE RESPONSIBILITY OF THE USER TO CONFIRM WHETHER THE BOND OR ETF IS A RESTRICTED SECURITY. IF IT IS A RESTRICTED SECURITY, THE USER MUST ACT CONSISTENTLY WITH THE RESTRICTIONS ON INFORMATION ACCESS AND TRADING WITH RESPECT TO THE RESTRICTED SECURITY. IF IT IS NOT A RESTRICTED SECURITY, IT IS STILL THE RESPONSIBILITY OF THE USER TO GET A COPY OF THE RELEVANT PROSPECTUS WITH RESPECT TO THE BOND OR ETF AND THEN TO READ SUCH PROSPECTUS OR OFFERING MATERIALS, INCLUDING THE RISK FACTORS BEFORE BUYING.

Users therefore must acknowledge and accept as fundamental conditions to accessing and use of the Platform that SCM does not intend information concerning Restricted Securities to be shown to any persons and/or entities who are:

- (a) not either (i) Accredited Investors or (ii) Institutional Investors; or
- (b) persons who prohibited from seeing such information by their country of residence, domicile and/or incorporation (as applicable)- generally members of the retail public.

Uses of the Platform must therefore ensure that with respect to information on each and every specific security/ETF/Bond that they access on or via the Platform that they are legally permitted both:

- (a) to log on to the Platform in the country where they do so; and
- (b) to access the information on and to trade in such specific ETF/Bond by the laws of that country (and Singapore).

and accordingly that unless they are either (i) Accredited Investors or (ii) Institutional Investors they will not purport to access any information with respect to or deal in any Restricted Securities.

Users must also note and agree as fundamental conditions of permitted access and use of the Platform that information access on and trading in Restricted Securities by users in breach of the restrictions above constitute breaches on the part of the user(s) carrying with it, without prejudice to the rights of SCM generally, the following consequences for the user in breach:

- (1) the obligation on the part of the user to indemnify and keep SCM harmless against any and all adverse consequences of the user’s breach; including without prejudice, claims against and damages suffered by SCM; and
- (2) the obligation to accept that all trading in Restricted Securities being in fundamental breach of the restriction against the user being permitted to trade in the same are prima facie void from inception; and where this is not feasible or practicable to realize, to cooperate and take all actions consistent with a reversal of such trading and at the user’s sole costs or to indemnify SCM against any and all third party claims or actions (including from relevant regulators).

Users of the Platform must also note and accept in any event that many of the protections provided by the Singapore regulatory system do not apply to dealings in ETFs/Bonds listed in jurisdictions other than Singapore. This may mean, amongst others, that accrual rights being offers of new securities by way of accruals and derivatives to securities already purchased by a user may not be available to users not resident or domiciled in the jurisdictions where the securities are listed for trading; or available subject to restrictions. Users of the Platform are required to notify SCM immediately by email if any information which a user is able to access on this website would cause the user to be in breach of the conditions of access and/or trading of Restricted Securities. In such event, and in addition to agreeing to co-operate with all actions required to effect and/or confirm the reversal of any and all dealings effected by the user(s) in breach of such conditions to the extent possible and feasible and to indemnify SCM and all other parties reasonably and adversely affected by such dealing(s) breach(es), the user(s) shall (a) stop accessing SCM's website/Platform, (b) destroy immediately any such information (and all copies) which has been downloaded or printed by the user from this website/Platform in breach of the terms of access to such information (c) disregard and not purport to use any such information whether for purposes of trading or otherwise, and (d) treat such information as confidential and not disseminate it.
