

Remuneration Report 2018

Summary of Group Saxo Bank's Remuneration Policy & Information about the remuneration of Board of Directors, Board of Management, and Significant Risk Takers.

Introduction

The Group Saxo Bank Remuneration Policy for 2018 ("Policy") sets out the remuneration principles applicable to the Saxo Bank Group which supports the overall business strategy of the Saxo Bank Group. The Policy was first implemented following the approval of the Annual General Assembly in April 2011 and was latest amended and approved at the General Assembly in April 2018. The Policy is communicated to all employees of the Saxo Bank Group through SaxoNet.

Objective and application

The objective of this Policy is to ensure that the remuneration system in the Saxo Bank Group is credible, effective, and fair, that the ratio of fixed vs. variable salary is adequate, proportional, and balanced, that the remuneration system is compliant with applicable legislation and that the remuneration system is aligned with and promote sound and effective risk management to curb excessive risk taking. A central part of this Policy is to avoid risk taking that exceeds the level of tolerated risk of the Saxo Bank Group, and at the same time facilitates a flexible remuneration.

With due respect to the above goals, the objective of this Policy is also to attract, retain, develop, and reward the employees who contribute to the value creation of the Saxo Bank Group and thereby support a performance-oriented culture within the Group. The Policy applies to all employees within the Saxo Bank Group, however with respect of national legal requirements and standards.

Furthermore, the Policy covers all forms of remuneration components offered to employees and members of Board of Directors, including, but not limited to, base salary, variable remuneration, pension benefits, non-pay benefits, termination pay, etc.

Responsibilities of the Board of Directors

The Board of Directors of Saxo Bank A/S is responsible for approving and maintaining the Policy and overseeing its implementation.

The Board of Directors must ensure that the Policy is consistent with and promotes sound and effective risk management. The Policy must not encourage excessive risk taking and must not prevent the Saxo Bank Group from achieving and maintaining a sound capital base.

The Board of Directors must ensure that, at any time, the Saxo Bank Group's overall corporate governance principles and structures, as well as its interactions with the remuneration system are considered within the design and implementation of the Saxo Bank Group's Policy and remuneration practices.

The Board of Directors must review the Policy on an annual basis at a minimum and assess whether the overall remuneration system:

- Operates as intended, including that the remuneration pay-outs are appropriate, and that the risk profile, long-term objectives, and goals of the Saxo Bank Group are adequately reflected;
- Should be adjusted due to developments in the business of the Saxo Bank Group; and
- Is compliant with national and international regulations, principles, and standards

Remuneration Committee

The Board of Directors of Saxo Bank A/S has decided to establish a Remuneration Committee that held its first meeting in October 2012.

The Remuneration Committee is inter alia responsible for ensuring that this Policy and the actual remuneration practices comply with the regulatory frameworks which the Saxo Bank Group operates within from time to time. Accordingly, the Remuneration Committee prepares updates to the Policy for the Board of Directors' and general assembly's approval. The Remuneration Committee has committed itself to a charter and an annual framework.

The Committee shall comprise at least two or more members of the Board of Directors. Members of the Committee shall be appointed and replaced by the Board of Directors. The Chairperson shall be appointed by and serve at the discretion of the Board of Directors. At least one from the Board of Management will be a regular attendee at the meetings, unless the Committee decides otherwise from time to time. A quorum shall consist of a minimum of two members of the Committee provided one of these is the Chairperson.

Principles of remuneration for the Board of Directors

The Board of Directors of any company within the Saxo Bank Group is generally compensated only with fixed remuneration, if any, and only rarely with any variable remuneration.

Remuneration of the Board of Directors of Saxo Bank A/S is set individually at a market competitive level that reflects the competencies and contribution required in view of the Saxo Bank Group's complexity and the extent of the tasks and responsibilities.

The remuneration of the Board of Directors of any entity is presented for approval by the Annual General Meeting as a separate agenda item.

Principles of remuneration to the Board of Management

The remuneration package of a member of the Board of Management of any Saxo Bank Group entity may consist of fixed remuneration, variable remuneration, pension benefits and other benefits, such as paid telephone etc.

The remuneration package must enable the Saxo Bank Group to attract management members with the level of qualifications and experience necessary to ensure the Group's achievement of its strategic goals, values, and long-term interests. The remuneration of each of the members of the Boards of Management is therefore set individually at a market competitive level with regards to the tasks and responsibilities of the respective member.

The results of the members of the Boards of Management are reviewed once a year based on which it is decided whether any adjustments to a member's remuneration package should be made.

Principles of remuneration to the employees

The total remuneration package for employees in the Saxo Bank Group consists of several elements and aims at honouring and encouraging a performance that creates value for the Bank through results as well as behaviour.

The main part of the remuneration package consists of fixed remuneration – compensating employees monthly – in the form of a base salary and often with the addition of a pension benefit and one or more non-pay benefits. The remuneration package furthermore consists of the possibility of variable remuneration, primarily through the Bank's Group Bonus Plan. The remuneration components are balanced and in line with market practise to ensure a flexible variable remuneration package and a sound and efficient risk management and may consist of the following elements:

- Fixed remuneration
- Pension benefits
- Variable remuneration
- Guaranteed variable remuneration, only used in special cases and in accordance with applicable legislation
- A pat on the back
- Termination pay

Principles of variable remuneration

Variable remuneration e.g. any remuneration, whether monetary or non-monetary, where the size/value of which is not known in advance and which is not a part of the employee's fixed remuneration comprises among others

- any form of remuneration the grant of which is based on the performance of the employee, the division, and/or the entity of the Saxo Bank Group in which the employee is employed and/or the Saxo Bank Group;
- stock options, shares, and other financial instruments;
- any non-pay benefits which are granted or made available to the employee on a non-continuous basis; and
- any pension benefits calculated based on any such forms of variable remuneration.

It is only permitted to use forms of variable remuneration approved by the Board of Directors of Saxo Bank A/S.

Payment of any variable remuneration must be based on the following non-accumulative criteria:

- Various performance criteria for the respective calendar year (accrual period).
 - The various performance criteria must align the variable remuneration with sound and efficient risk management principles and is designed in a way to avoid risk taking that exceeds the level of tolerated risk of the Saxo Bank Group.
 - The various performance criteria consider the risks and the performance of the Saxo Bank Group, the business unit/the company in which the employee is employed, and the employee. The performance criteria must consist of both financial (quantitative) and – on the employee-level – non-financial (qualitative) performance criteria.
 - On the employee-level, the non-financial performance criteria must be linked to adherence to risk management policy and compliance with internal and external rules and must, to the extent relevant considering the employee's position and responsibilities, also be linked to e.g. the achievement of strategic targets, customer satisfaction, leadership, team work, motivation and cooperation with other business units and control functions. Negative non-financial performance in the form of unethical or non-compliant behavior must override any good financial performance generated by the Saxo Bank Group, the business unit, and the employee and, to the extent relevant considering the employee's position and responsibilities, the same must apply with regard to other non-financial performance criteria.

- The employee's entitlement to any variable remuneration must be conditional on the employee not using any personal hedging strategies
- Payment of variable remuneration must generally be based and conditional on an assessment of the Saxo Bank Group's and the employing company's financial situation at the time of payout and may only be payable to the extent it does not compromise the financial stability of the Saxo Bank Group and the employing company.

Guaranteed variable remuneration comprises those forms of remunerations which are generally referred to as – or comparable to – “guaranteed bonus”, “sign-on bonus”, “minimum bonus” and “retention bonus” and which are not part of the employee's fixed remuneration.

In rare exceptional situations it is possible to use guaranteed variable remuneration on hiring of new employees provided that the conditions set out in the relevant legislation are met.

Risk takers

National and EU legislation sets out a number of special provisions and limitations on variable remuneration for employees who are considered “Risk Takers”.

The following employees and employee groups in Saxo Bank Group are considered Risk Takers for the purposes of the Policy:

- The members of the Board of Directors of any Saxo Bank Group entity
- The members of the Board of Management
- The members of the Executive Team
- Certain members of the Senior Management Team
- Other individuals having been identified as “risk takers” in accordance with applicable legislation

The Board of Directors of Saxo Bank A/S determines who are to be considered Risk Takers within the entire Saxo Bank Group based on a recommendation from the Board of Management of Saxo Bank A/S.

The identification of risk takers in the Saxo Bank Group must be based on a thorough assessment of roles, responsibilities and actual mandates of positions that could be included as Risk Taker positions by the intention of the legal framework, as well as a sound assessment of risk under the specific characteristics of the Saxo Bank Group's business.

Principles of variable remuneration to Risk Takers

Any variable remuneration to Risk Takers must comply with the following additional provisions and limitations:

The amount of any variable remuneration to a Risk Taker must be subject to a maximum amount (a ceiling). This means that the amount of any variable remuneration award, calculated at the time of allotment after the end of the respective calendar year (accrual period), must not exceed a certain percentage of the total amount of the Risk Taker's fixed remuneration for the respective calendar year. This percentage is set as follows:

- For members of the Board of Management of any Danish Saxo Bank Group entity, the percentage is 50.

- For employees in control functions, the percentage is 75.
- For other Risk Takers, the percentage is 200.

Payment of variable remuneration to Risk Takers is subject to the rules on deferral claw back etc. as defined in the applicable legislation and in accordance with the Group Saxo Bank Remuneration Policy.

Any variable remuneration awarded to a Risk Taker – the value of which must be calculated at the time of allotment after the end of the respective calendar year – must consist of the following:

- A minimum of 50% of the variable remuneration must consist of an appropriate combination of financial instruments in the form of shares in Saxo Bank A/S, share-based instruments of Saxo Bank A/S and/or other instruments approved under the applicable national and EU legislation (i.e. instruments which reflect the creditworthiness of Saxo Bank A/S).
- A maximum of 50% of the variable remuneration must consist of cash payment.

However, for members of the Board of Management of any Danish Saxo Bank Group entity, the value of financial instruments in the form of warrants, options and similar instruments must not exceed an amount equal to 12.5% of the total amount of the member's fixed remuneration for the respective calendar year.

Payment of at least 40% of any variable remuneration award to a Risk Taker must be deferred over a period of

- four years for members of the Board of Management of any Danish Saxo Bank Group entity; and
- three years for other Risk Takers.

However, the deferred part of a Risk Taker's variable remuneration award must be 60% if

- the amount of the variable remuneration award is equal to or above either DKK 750,000;
- or this is considered appropriate when considering the impact, the Risk Taker can have on the risk profile of the Saxo Bank Group, the responsibilities and tasks performed by the Risk Taker and the relative size of the amount in variable remuneration compared to the amount in fixed remuneration.

The deferral period must start at the time the non-deferred (up front) part of any variable remuneration is paid out. The deferred part of any variable remuneration must be paid out pro rata on an annual basis calculated as of the date stated above. Thus, any variable remuneration must be paid out in three pro rata installments when the deferral period is three years and in four pro rata installments when the deferral period is four years.

Payment of the deferred part of any variable remuneration must be conditional on:

- the performance criteria forming the basis for the variable remuneration being met in order to ensure that the conditions for the payment of the variable remuneration is fulfilled;
- the Risk Taker not having participated in, or been responsible for, behavior which has resulted in significant losses for the Saxo Bank Group or not having complied with applicable fit and proper requirements; and
- that the Saxo Bank Group's financial situation has not been substantially weakened compared to the time when the variable remuneration was granted after the end of the respective calendar year.

Review and approval

This Remuneration Report is updated on an annual basis and published relating to the publication of the Group Saxo Bank Annual Report.

Remuneration Report 2018 input

Information about variable remuneration - Saxo Bank Group

Total remuneration disbursed in the 2018 financial year (DKK 1,000)
